ABOUT THE COREY ROSS SPORTS & WELLNESS FUND

Corey Alexander Ross was a beloved son, brother and a respected friend and colleague. He was a high-performing athlete and avid golfer who loved spending his weekends on the golf course with his family and friends which is why such a tournament was set up in his memory. Corey's life was unfortunately cut short at the age of 28 due to complications that arose from a Deep Vein Thrombosis going undiagnosed despite very clear medical indicators.

Corey's story serves as a reminder of the importance of our mission to bring awareness of these life-threatening events to the general public, healthcare professionals, emergency room departments and specifically to young athletes (like Corey) across Canada.

This event intends to celebrate Corey's life by bringing people together to share in a day of golf in his memory while raising awareness of thrombosis in our communities, and raising funds that will support Thrombosis Canada research to help save lives across Canada.

Corey's time with us was short lived but his memory lives long in the hearts of all of the people he impacted throughout his life. We continue to honour Corey's legacy and extend his impact to the world through these events.
